THE ULTIMATE IN SEWING AND EMBROIDERY

The BERNINA 790 PLUS Crystal Edition combines the finest technology with innovation and all the space you need.

The centrepiece of the B 790 PLUS Crystal Edition is the BERNINA Hook. Precise, fast and quiet, it sews perfect seams with a stitch width of up to 9 mm. The integrated BERNINA Dual Feed ensures that smooth or fine fabrics are evenly fed.

The BERNINA Stitch Regulator is included and assists you with free-motion sewing and quilting with a straight or zigzag stitch, ensuring stitches of the exact same length even at variable sewing speeds. Create your own stitches with the Stitch Designer by drawing your ideas right on the touch screen.

Equipped as standard with a large embroidery module with the new BERNINA Smart Drive Technology (SDT) for an enhanced embroidery experience and a particularly large embroidery area, the B 790 PLUS Crystal Edition offers great embroidery features, such as Pinpoint Placement for perfect positioning of the design, even when the fabric is at an angle in the hoop. Other great features include Undo & Redo and Group & Ungroup, making it easy to undo each click and edit multiple designs at the same time. And the B 790 PLUS CE also automatically cuts the jump stitches in the embroidery design, making manual trimming a thing of the past. Thanks to the new Invisible Secure and Smart Secure functions, the start of the thread is secured automatically and tie-on/off stitches are added to the embroidery design if necessary.
